# The Process

Initially we will call you to discuss your initial brief and then we will arrange an appointment for someone from our project management team to come and see the work site.

During this meeting they will discuss:

- Your requirements
- Perform a survey
- Take measurements

We will aim to send a competitive quote within one week.

# Reviews As Seen On Google

*"The Arcade team did a great job here at Wesley on some internal refurbishment which took a week. They worked long days, completed the work to a high standard and were friendly and accommodating people to have around. Worked well with the electricians we brought in too. No hesitation in recommending."*

ANDREW HERBERT

*"Used Arcade Office Refurbishments for a number of office refurbishments and pleased with their professionalism, attention to detail and quality of finish. They maintain a high level of health and safety ensuring work areas are cordoned off, tools are maintained and checked before use, PPE is worn at all times. A breath of fresh air."*

TONY STUBBS

## Why We Are Different

We have 17 years experience across the north west in office refurbishment. We offer the below:

### Reliable, Safe & Organised

We only follow safe practice and we turn up when we say we will

### We Keep Budget In Mind

You set the budget, we will help make it work

### Low Disruption

We keep mess and noise to a minimum to help keep your business running

## About Us

Established in March 2006 by Caroline Hankinson and Daniel Jones, Arcade Office Refurbishment Limited is a successful business based in Warrington.

With complementary skills, the business partners bring together over 20 years experience in office refurbishment and have secured many loyal clients. Caroline is a qualified Chartered Accountant whilst Dan is a qualified Engineer, with a career in contract and project management.

Arcade put their success down to taking the time to listen and work with clients to understand what they want to achieve from their refit or refurbishment.

By providing clients with sound honest guidance together with innovative ideas they are able to meet and exceed their client's expectation.

Arcade have successfully pulled together teams of highly qualified and professional trade people who they know well and can trust. Hand selecting teams that are right for each project undertaken, from design to delivery, ensures that they continually meet the required high standard of end product.
